

What is the u3a?

It is a community of volunteers gathered together primarily to offer the opportunity for its members to follow the principals of Learn, Laugh, Live. There are over 1000 u3as in the UK, usually formed as charitable organisations. The u3a was formed originally as an organisation for people described as in their third age, being those who are in the stage of life where responsibilities for any family have passed and are thinking about what to do next.
